About **Nirmaan**

Nirmaan Tanks are the true leaders in Tanks Manufacturing. We never compromise on our Principles and Values. Satisfying our customers with world class products has been our only motto. We manufacture Tanks using the Roto moulding Manufacturing process. This process provides flexibility to take care of cyclical expansion contraction due to temperature change and filling/refilling of tanks. We use Latest Technology and Virgin Food Grade Linear low-density polyethylene (LLDPE) for Manufacturing our tanks.

Fields of Application

Hotels

Homes

Apartments

High & Low
Rise Buildings

Resorts

Corporates

Hospitals

Commercial
Buildings

Nirmaan Tanks have

Unmatched features and Unique Benefits :

Made with German
Technology
